COUNCIL PROCEEDINGS

Published by Authority of the Council of the City of

BLOOMINGTON, ILLINOIS

THE LIBRARY OF THE
FEB 4 1932
UNIVERSITY OF ILLINOIS

Regular meeting Friday, January 15th, 1932.

Present: His Honor, the Mayor, Ben S. Rhodes, Aldermen Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Sargent, Gunn, Donovan, Raycraft, Schueth, Irvin, Olson.

On motion by Alderman Summers the reading of the minutes of the regular meeting Friday, January 8th, 1932, was dispensed with and were approved as printed.

The Clerk read the following:

Bloomington, Illinois, January 15, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—For your approval I herewith submit a list of bills and pay rolls which I have examined and found correct and which I recommend for payment.

Approved:

C. H. KURTZ,
Chairman Finance Committee.

Respectfully,

JOHN A. CLEARY,
Comptroller.

Motion by Alderman Kurtz that the bills and pay rolls be allowed and orders on the Treasurer drawn in payment of same.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Sargent, Gunn, Donovan, Raycraft, Schueth, Irvin, Olson. 14.

Nays: 0.

Motion carried.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee would respectfully report that we have granted the Union Gas and Electric Company permission to excavate in the pavement at 1308 East Grove street for the purpose of repair gas service.

Respectfully submitted,
FRED OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets and Alleys Committee.

On motion by Alderman Olson the report was received and placed on file.

Presented by the Clerk.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Board of Local Improvements of the City of Bloomington, Illinois, herewith transmits to your Honorable Body, a draft of an ordinance entitled, An Ordinance providing for the local improvement of the alley running north and south in the block bounded by Main, Center, Market and Monroe streets, from the south line of Market street to the north line of Monroe street, be improved by grading and paving said roadway.

The said Board of Local Improvements herewith recommends to your Honorable Body the making of said improvement in extent, nature, character, locality and description as set forth in said draft of Ordinance herewith transmitted, and also recommends the passage of said Ordinance.

The Board of Local Improvements also herewith transmits to your Honorable Body an estimate of the cost of said improvement as finally determined upon by said Board and provided for in said draft of Ordinance herewith transmitted.

Respectfully submitted,
BEN S. RHODES
SCOTT E. MCCULLOUGH
CHAS. T. EVANS
Board of Local Improvements.

Motion by Alderman Summers that the report was adopted and recommendations concurred in.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Sargent, Gunn, Donovan, Raycraft, Schueth, Irvin, Olson. 14.

Nays: 0.

Motion carried.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—I herewith submit an estimate of the cost of constructing a concrete pavement in the alley running north and south in the block bounded by Main, Center, Market and Monroe streets, from the south line of Market street to the north line of Monroe street.

The pavement shall consist of a concrete slab six (6) inches in thickness and ten (10) and eighteen (18) feet in width, composed of one (1) part Portland cement, two (2) parts fine aggregate and three (3) parts coarse aggregate. Transverse expansion joints shall be placed thirty (30) feet apart.

The total estimated cost of the proposed improvement is the sum of fourteen hundred and nineteen dollars and twenty-five cents ($1,419.25) itemized as follows:

Excavation, square yard	$0.25	
Materials, square yard	1.15	
Labor, square yard	0.80	
Expansion joints, square yard	0.20	
Contractor's profit, square yard	0.35	
487 square yards at	$2.75 per square yard	$1,339.25
Court costs and other expenses provided for by statute, in the aggregate not exceeding 6% of the above total		80.00
Total		$1,419.25

And I hereby certify that in my opinion the above estimate does not exceed the probable cost of the proposed improvement, together with the lawful expenses attending the same.

Respectfully submitted,

SCOTT E. MCCULLOUGH,
City Engineer.

AN ORDINANCE

PREPARED AND TRANSMITTED AND ITS PASSAGE RECOMMENDED BY THE BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF BLOOMINGTON, ILLINOIS, TO THE CITY COUNCIL OF SAID CITY, PROVIDING FOR THE LOCAL IMPROVEMENT OF THE ALLEY RUNNING NORTH AND SOUTH IN THE BLOCK BOUNDED BY MAIN, CENTER, MARKET AND MONROE STREETS, FROM THE SOUTH LINE OF MARKET STREET TO THE NORTH LINE OF MONROE STREET, BY GRADING AND PAVING AND FOR LEVYING A SPECIAL ASSESSMENT THEREFOR:

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. That a local improvement be made within the City of Bloomington, County of McLean and State of Illinois, the extent, nature, character, locality and description of which is as follows, to-wit:

That the roadway of the alley running north and south in the block bounded by Main, Center, Market and Monroe streets, from the south line of Market street to the north line of Monroe street, be improved by grading and paving the same.

The pavement shall be constructed of Portland cement concrete, laid in one (1) course, six (6) inches in thickness, composed of one (1) part Portland cement, two (2) parts fine aggregate and three (3) parts coarse aggregate.

Transversal expansion joints filled with an asphaltic filler one-quarter (¼) inch in width shall be provided and spaced approximately thirty (30) feet apart.

Said pavement shall be ten (10) feet in width from the south line of Market street to a line sixty-six (66) feet south of the south line of Market street; eighteen (18) feet in width from a line sixty-six (66) feet south of the south line of Market street to a line one hundred and ninety-eight (198) feet south of the south line of Market street, and ten (10) feet in width from a line one hundred and ninety-eight (198) feet south of the south line of Market street to the north line of Monroe street, with the center lines coinciding with the center lines of said alley.

All of said improvement to be constructed as hereinafter described and as further described in the specifications, and as shown on plats, both plats and specifications being hereto attached and incorporated as part of Section one (1) of this Ordinance.

SUB-GRADE

Each and every part and portion of said roadway to be improved shall be graded and brought to a sub-grade at such elevation throughout, that when the pavement herein described shall be placed thereon the finished top surface of the pavement shall coincide with the grade hereinafter established.

CROSS-SECTION OF PAVEMENT

Th top surface of the finished pavement along the center line of said improvement shall coincide with the hereinafter established grade of said alley, between Market and Monroe streets. The surface of the pavement shall rise extending away from the center line on a uniform rise of six-tenths (.6) of an inch to each foot to the outer edge of the pavement. The bottom surface shall be six-tenths (.6) below and parallel with the top surface.

GRADE

At the south line of Market street at an elevation of 88.30 feet above datum, ... a point one hundred (100) feet south of the south line of Market street at an elevation of 92.60 feet above datum, thence extending south on a concave vertical curve of a radius of sixty-four hundred (6400) feet to an elevation of 97.30 feet above datum at a point two hundred (200) feet south of the south line of Market street.

At the north line of Monroe street at an elevation of 105.35 feet above datum.

SPECIFICATIONS
FOR PAVING THE ALLEY RUNNING NORTH AND SOUTH IN THE BLOCK BOUNDED BY MAIN, CENTER, MARKET AND MONROE STREETS, FROM THE SOUTH LINE OF MARKET STREET TO THE NORTH LINE OF MONROE STREET IN THE CITY OF BLOOMINGTON, ILLINOIS.

DATUM

The above elevations as fixed are and shall be measured from and refer to a plane as the base or datum for all city levels in said city; said plane referred to is one hundred and twenty and fifty-eight one-hundredths (120.58) feet below the center of an aluminum plate placed in the east wall of the McLean County Court House, near the southeast corner thereof, by the United States Geological Survey of 1905, and was established by the City Council of Bloomington, in an ordinance approved November 10, 1905.

GRADING

DEFINED: Grading shall include all cuts, fills, approaches and all earth or rock moving for whatever purpose where such work is an essential part of or necessary to the prosecution of the contract.

All of the necessary grading herein provided for shall conform to depth and cross-section to the lines and grades herein provided for, as shown upon the plans and profile.

ENGINEER'S STAKES: Stakes will be set by the Engineer for the center line, finished grades and other necessary points.

HAUL: All surplus excavated materials shall be removed and disposed of by the Contractor. No additional compensation will be paid to the Contractor for hauling such surplus excavated material.

No old materials or surplus excavation shall be placed by the Contractor upon any private land or public land without the consent of the private owner or the Engineer, as the case may be.

CUTS AND FILLS: In cuts, no excavation shall be made below the grade line of the finished subgrade.

Embankments shall be formed of earth or other approved materials and shall be constructed in successive layers, each of which shall extend entirely across the width to be filled. Each layer, which shall not exceed one (1) foot in depth, shall be thoroughly rolled with a roller weighing not less than five (5) nor more than ten (10) tons, before the succeeding layer is placed.

The roller shall pass over the entire area of each layer of the fill not less than twice. The use of muck, quicksand, soft clay, spongy or perishable material, which will not consolidate under the roller, is prohibited.

When the material excavated from the cuts is not sufficient to make the fills as shown on the plans, the Contractor shall furnish the extra material necessary to bring the fills to the proper width and grade. When the earth work is completed the cross-section of the road bed shall conform to the cross-section drawings and profile attached hereto.

DRAINAGE

MANHOLES, CATCH BASINS, ETC.: There shall be constructed along the lines of the improvement manholes, catch basins, combined manhole and catch basins, inlets, water and gas valve and meter vaults; furnished with cast iron covers and top and set to the proper grade, together with the readjustment of any existing fixtures of like nature, as shown on the plans and in detail drawings.

All manholes, catch basins, combined manhole and catch basins, inlets, water and gas valve and meter vaults, and drain under the pavement and along the sides of the pavement shall be constructed and back filled not less than two (2) weeks before the actual placing of the concrete.

SUB-GRADE

CONSTRUCTION: The sub-grade shall be brought to an elevation below the established grade of the finished street, an amount equal to the thickness of

the pavement hereinafter mentioned, as shown on the profile and plans hereto attached and made a part hereof.

The sub-grade shall be brought to a firm uniform density by rolling the area with a self propelled roller. All portions of the surface of the subgrade which are inaccessible to the roller shall be thoroughly tamped with a hand tamp weighing not less than fifty (50) pounds; the face of which shall not exceed one hundred (100) square inches in area. All soft, spongy, or yielding spots, and all the vegetable or other perishable matter shall be entirely removed and the space re-filled with firm material.

In cuts the sub-grade shall be so constructed that no material is excavated below the grade line and the area shall be rolled but once. All soft, spongy, or yielding spots, and all vegetable, or other perishable matter, shall be entirely removed and the space re-filled with firm material.

When the concrete pavement is to be constructed over an old roadbed composed of hard material, such as gravel or macadam, the old roadbed shall be entirely loosened and the material spread for the full width of the roadbed and rolled. All interstices shall be filled with fine material, dampened and rolled to make a dense tight surface.

SIDE FORMS

MATERIALS: The side forms shall consist of either steel or wood, and shall be free from warp or kinks and shall be of a width equal to the thickness of the pavement at the edge, and shall conform to the surface of the pavement at the edge. Wooden forms shall be of not less than two (2) inch stock, and not less than twelve (12) feet in length. Battered forms shall not be used.

SETTING: The forms shall be firmly staked to line and grade every three (3) feet and at all times thereafter until they are removed held to the established line and grades.

The contractor shall provide sufficient forms so that at all times not less than 100 lineal feet are in place on each side of the street in advance of the placing of concrete.

REMOVAL: The contract shall provide sufficient forms so that it will not be necessary to remove them within twelve (12) hours after the concrete has been placed.

TREATMENT: All mortar and dirt shall be removed from the forms, and steel forms shall be oiled before they are re-set and used.

PAVEMENT SECTIONS

WIDTH, THICKNESS AND CROWN: The subgrade of the improvement shall be covered with a one mix concrete pavement between curbs, as shown on the plans attached hereto.

The width, depth at the sides and center, and the crown are as shown on the transverse sectional drawings

JOINTS

WIDTH, DEPTH AND LOCATION: Transverse joints shall be placed across the pavement perpendicular to the center line not more than thirty (30) feet apart. Transverse joints shall be three-eighths (⅜) inch in width between faces of curbs. Longitudinal joints shall be constructed between the pavement slab and the gutter flags and extending across the roadway of intersecting streets.

All joints shall extend through the entire thickness of the pavement and shall be perpendicular to the surface of the pavement.

All metal manhole, catch basin covers, and other fixed objects in the pavement, shall be separated from the concrete by joint filler, which shall extend through the entire thickness of the pavement.

JOINT FILLER: Joint filler shall consist of prepared strips of fibre matrix and bitumen or similar material of approved quality one-quarter (¼) inch in thickness. The width of the filler shall be not less than one (1) inch greater than the thickness of the pavement at any point between curbs.

Prior to submitting bid, the contractor shall obtain approval of the City Council for the joint filler which he proposes to use.

INSTALLATION: All joints except as otherwise specified shall be formed by inserting during construction and leaving in place the required thickness of joint filler which shall extend through the entire thickness of the pavement.

For the purpose of installing the joint filler, there shall be used a *joint filler installation board* cut to the cross section of the pavement, which board shall be firmly supported by steel stakes, with lugs, so that the joint filler shall be held and maintained at right angles to the surface of the pavement, in true alignment perpendicular to the center line.

After the joint filler is placed in the pavement portion of the work herein specified and the installation board removed, the concrete shall be tamped along both sides of the joint filler for the entire width of the pavement with a combination curb tamper.

Any mortar, containing water in excess of that specified hereinafter by the "slump test" which may be placed next to the joint filler, shall be removed and replaced with a mixture of coarse aggregate and mortar of such consistency that it may be tamped as specified.

Before the pavement is opened to traffic, the joint filler shall be cut off to a height of one-quarter (¼) inch above the finished surface of the pavement.

PROTECTION PLATES: The edges of all concrete at the end of all street and alley returns, shall be protected with single, soft steel protection plates. The upper edge of the plate shall be even with the adjoining surface of the concrete and conform to the pavement crown.

Soft steel plates for the protection of the edges of the concrete at the end of all street and alley returns, shall be not less than two and one-half (2½) inches in depth and not less than one-eighth (⅛) nor more than one-quarter (¼) inch average thickness. The plates shall be of such forms as to provide for rigid anchorage to the concrete.

CONCRETE MATERIALS

CEMENT: The cement shall meet the requirements of the Standard Specifications and Tests for Portland Cement, adopted by the American Society for Testing Materials September 1, 1916, a copy of which has been placed on file with the City Engineer of the city of Bloomington, Illinois, and which is incorporated herein by references as fully as if copied in full herein.

AGGREGATES: Before delivery on the job, the contractor shall submit to the Engineer, a fifty (50) pound sample of each of the fine and coarse aggregates proposed for use. These samples shall be tested, and, if found to pass the requirements of the specifications, similar material shall be considered as acceptable for the work.

FINE AGGREGATE: Fine aggregate shall consist of natural sand or screenings from hard, tough, durable crushed rock or pebbles, consisting of quartzite grains or other equally hard material graded from fine to coarse, with the coarse particles predominating. Fine aggregate, when dry, shall pass a screen having four (4) meshes per linear inch, not more than twenty-five (25) per cent shall pass a sieve having fifty (50) meshes per linear inch, and not more than five (5) per cent shall pass a sieve having one hundred (100) meshes per linear inch. Fine aggregate shall not contain vegetable or other deleterious matter nor more than three (3) per cent by weight of clay or loam. Routine field tests shall be made on fine aggregate as delivered. If there is more than five (5) per cent of clay or loam by volume in one (1) hour's settlement after shaking in an excess of water, the material represented by the sample shall be held pending laboratory tests.

Fine aggregate shall be of such quality that mortar composed of one (1) part portland cement and three (3) parts fine aggregate, by weight, when made into briquettes, shall show a tensile strength at seven (7) and twenty-eight (28) days equal to or greater than the strength of briquettes composed of one (1) part of the same cement and three (3) parts standard Ottawa sand by weight. The percentage of water used in making the briquettes of cement and fine aggregate shall be such as to produce a mortar of the same consistency as that of the Ottawa sand briquettes, and shall be made in accordance with the Report of

the Committee of the American Society of Civil Engineers on Uniform Tests of Cement.

COARSE AGGREGATE: Coarse aggregate shall consist of clean, hard, tough, durable crushed rock or pebbles graded in size, free from vegetable or other deleterious matter and shall contain no soft, flat or elongated particles.

When crushed rock is used it shall be obtained from rock of uniform quality, having a French co-efficient of wear of not less than seven (7).

All coarse aggregate shall be well graded and when tested by means of laboratory screens, shall meet the following requirements:

CRUSHED ROCK		PEBBLES	
Passing 1½ in. screen	50%	Passing 2 in. screen	100%
Passing 2½ in. screen	100%	Passing 1 in. screen	50%
Passing ½ in. screen not more than	10%	Passing ½ inch screen not more than	10%

The amount of coarse aggregate retained on and passing the intermediate screen as specified above, shall each constitute fifty (50) per cent of the total volume of coarse aggregate used in each batch of concrete.

In no case shall coarse aggregate containing frost or lumps of frozen material be used.

PLACING AGGREGATE: Neither fine nor coarse aggregate for the concrete shall be placed upon the subgrade before the subgrade has been shaped and brought to its true finish. The specified aggregates shall be deposited separately and kept separate.

No hauling of aggregates upon the subgrade will be permitted except with the permission of the engineer.

Mixed Aggregate: Crusher run stone, bank run gravel or artificially prepared mixtures of fine and coarse aggregates shall not be used.

WATER: Water shall be clean, free from oil, acid, alkali or vegetable matter.

MEASURING MATERIALS AND MIXING CONCRETE

MEASURING MATERIALS: The method of measuring the materials for concrete, including water, shall be one which will insure separate and uniform proportions of each of the materials at all times. The shoveling of aggregates direct into the skip is prohibited.

A sack of Portland cement (94 pounds net) in the original container shall be considered one (1) cubic foot.

A measuring box of one (1) cubic foot capacity solid measure, shall be furnished and used in checking the proportionate quantities of fine and coarse aggregate whenever directed by the Engineer.

MIXING: The materials shall be mixed in a BATCH MIXER OF APPROVED TYPE and irrespective of the size of the batch and rate of speed of the drum, mixing shall continue after all materials are in the drum, for not less than one (1) minute before any part of the batch is discharged. The drum shall be completely emptied before receiving material for the succeeding batch. The drum shall revolve at a rate of speed specified by the manufacturer for the particular mixer used by the Contractor, but it shall revolve not less than fourteen (14) nor more than twenty (20) revolutions per minute. The volume of the mixed material used per batch shall not exceed the manufacturers rated capacity of the drum in cubic feet of mixed material, and no mixer shall be used which requires less than one (1) sack of cement per batch, and the mixer shall be provided with an accurate, positive and practical water measuring device, and with an automatic timing device for determining the length of time of mixing the concrete, and be of the boom and bucket delivery type.

CENTRAL MIXING PLANTS: The use of a central mixing plant and the transportation of mixed concrete to the road will be permitted, provided that there is no segregation of the concrete when it arrives at the point where it is to be deposited in the road, and provided that the period of time elapsing from the time the concrete is mixed until it is deposited in the road does not exceed forty (40) minutes.

RETEMPERING: Retempering of mortar or concrete which has partly hardened, that is, remixing with or without additional materials or water shall not be permitted.

PROPORTIONS: The concrete for the pavement shall be mixed in the proportions of one (1) sack of portland cement to two (2) cubic feet of fine aggregate and three (3) cubic feet of coarse aggregate.

A cubic yard of concrete in placing including that in the integral curbs shall contain not less than one and seventy-four hundredths (1.74) barrels of cement.

The Engineer shall compare the calculated amount of cement required according to the specifications and plans attached hereto with the amounts actually used in each section of concrete (including integral curbs) between successive transverse joints, as determined by actual count of the number of sacks of cement used in each section. If the amount of cement used in any three (3) adjacent sections (between transverse joints) is less by more than two (2) percent, or if the amount of cement as used in any one section is less by more than five (5) per cent of the amount hereinbefore required, the Contractor shall remove all such sections and replace the same with new materials, according to these specifications, at his expense.

CONSISTENCY: The materials shall be mixed with sufficient water to produce a concrete which shall have a "slump" of not more than two and one quarter (2¼) inches nor less than one and three quarters (1¾) inches when tested at such times as the Engineer may direct, in the following manner. Concrete direct from the mixer shall be placed in four (4) inch layers in a smooth metal conical frustum, twelve (12) inches in height, six (6) inches in diameter at the top and seven (7) inches at the base. Each layer shall be compacted by pushing a one-half (½) inch round steel rod through each layer twenty-five (25) times. After striking off, the frustum shall be slowly withdrawn, vertically, allowing the concrete to settle down. The vertical height of the resulting pile of concrete, subtracted from twelve (12) inches, is the "slump."

PLACING CONCRETE

PLACING CONCRETE: Immediately prior to placing any concrete the subgrade shall be checked for width and grade, and accepted by the Engineer or his representative.

The surface of the subgrade shall be wet, but shall show no pools of water when the concrete is placed.

Steel grade stakes provided with lugs, shall be driven into the subgrade with the top of lugs accurately set by the use of T's and sight stick at the elevation of the finished grades of the pavement crown. These stakes shall be set at intervals of nine feet along the roadway, and placed in a straight line perpendicular to the center line of the pavement, one at the center line of the pavement, and one at each of the quarter points and at as many additional points as the Engineer may require.

After mixing, the concrete shall be deposited rapidly upon the subgrade from back to back of curbs and spread uniformly even to the depth required for the reinforcing in successive batches and in a continuous operation without the use of intermediate forms or bulkheads between expansion joints.

As the work progresses the concrete above the reinforcing shall be raked and spread by means of a "lute" uniformly even over the entire area and to the exact grade of the finished pavement.

Cement mortar containing excess water and foreign matter gathered from the surface of the concrete already placed shall not be used in filling boot tracks and stony areas but such imperfections shall be dug out and refilled with concrete to the depth of the reinforcing and worked smooth. No workman shall be allowed to walk over the luted area.

In case of a breakdown, an intermediate transverse joint may be placed as hereinbefore specified at the point selected by the Engineer for stopping work.

Any concrete in excess of that needed to complete a section at the finish of the day's work shall not be used and shall be removed from the subgrade.

FINISHING: As soon as possible after the concrete has been struck off, it shall be rolled to a smooth, even surface with an approved metal roller. The

roller shall be hollow, with perforated ends; it shall be six (6) feet in length, not less than ten (10) inches nor more than twelve (12) inches in diameter, and shall weigh not less than one (1) pound per lineal inch. It shall be divided vertically through the center into two rollers, each revolving on the same axle, and leaving a one (1) inch space between them, to allow rolling on both sides of the projecting joint filler at the same time. The roller will be provided with such fastenings that ropes may be attached to both sides, so that it can be pulled across the pavement. The roller shall be operated at such an angle with the center line of the pavement that it advances along the pavement about two (2) feet for each trip across. The roller shall pass from one edge of the pavement to the other, and at transverse joints shall be set over the projecting joint filler, so that rolling may be done on both sides of the joint at the same time without interfering with the position of the joint filler. After the roller has covered a given area in the manner described, the same area shall be similarly rolled not less than three (3) times at intervals of fifteen (15) to forty (40) minutes, depending on the stiffening of the concrete, and as many additional times as may be necessary to remove excess water.

After the rolling has been completed the pavement shall be finished by belting not less than twice as hereinafter described. The belts shall be eight (8) inches in width, and not less than three (3) feet longer than the width of the pavement and made of three (3) layers of ten (10) ounce canvas, saturated in kerosene oil.

For the application of the first belt, vigorous strokes at least twelve (12) inches long shall be used and the longitudinal movement of the belt along the pavement shall be very slight.

For the application of the second belt, which shall be immediately after the water glaze or sheen disappears, the stroke of the belt shall be not more than four (4) inches and the longitudinal movement shall be a continuous forward movement.

To finish the joints on all streets under forty (40) feet in width a suitable bridge to span the width of the pavement shall be used, no part of which shall be in contact with the finished work. All streets over forty feet in width shall be finished as directed by the Engineer.

A straight edge, eight (8) feet in length, notched at the center, shall be used for testing each transverse joint immediately after the last rolling and shall show a bearing for its entire length. The straight edge shall be placed over the joint, parallel to the center line of the pavement and moved across from curb to curb. When upon testing, the surface of the concrete is shown to be high or low, concrete will be added or removed to bring the surface to its true shape.

The concrete adjoining transverse joints shall be dense in character and after rolling shall be finished with a wood float, which is divided through the center and which will permit finishing on both sides of the filler at the same time.

When the concrete shall have become sufficiently hard to work the surface of the pavement for a distance of eight (8) inches on each side of the joint filler shall be finished with a metal trowel, and the edges of the joint shall be rounded with an edging tool having a radius not greater than one quarter (¼) inch.

For a distance of eighteen (18) inches out from the curb line the concrete shall be finished with a metal trowel.

The finished surface of the pavement shall not vary more than one quarter (¼) inch in three feet from the specified contour.

PROTECTION

CURING AND PROTECTION: Except as hereinafter specified, the surface of the pavement shall be sprayed with water as soon as the concrete is sufficiently hardened to prevent pitting, and shall be kept wet until an earth or other approved covering is placed. As soon as it can be done without damaging the concrete, the surface of the pavement shall be covered with not less than two (2) inches of earth or other material approved by the Engineer, which shall be kept wet for at least ten (10) days. The "ponding" method may be used at the option of the Contractor, the pavement being flooded and kept wet for ten (10) days. When deemed necessary or advisable by the Engineer, freshly laid concrete shall be protected by canvas until such earth covering can be placed.

In hot weather under the most favorable conditions for hardening the pavement shall be closed to traffic for not less than fourteen (14) days, and in cool weather for an additional time, to be determined by the engineer.

The contractor shall maintain a watchman and erect suitable barriers to protect the concrete from traffic, and any part of the pavement damaged from traffic or other causes, prior to its official acceptance shall be repaired or replaced by the Contractor at his expense, in a manner satisfactory to the City Council. Before the pavement is thrown open to traffic the covering shall be removed and disposed of as directed by the Engineer.

COLD WEATHER WORK: Concrete shall not be mixed nor deposited when the temperature is below freezing.

If, at any time during the progress of the work the temperature is, or in the opinion of the Engineer will within twenty-four (24) hours, drop to thirty-five (35) degrees Fahrenheit, the water and aggregates shall be heated, and precautions taken to protect the work from freezing for at least ten (10) days. In no case shall concrete be deposited upon a frozen subgrade.

EXPLANATORY

Whenever the words defined below are used in these specifications they shall have the following meaning:

"City": The municipality in which the work contracted for is to be done.

"Contractor": The person, firm or corporation to whom the work is awarded and the agents and employees thereof.

"Board": The Board of Local Improvements of the City under whom the contract for the work was let.

"Engineer": The engineer appointed by the Board of Local Improvements as its agent.

"Work": All work necessary to complete the improvement in full compliance with all the provisions of the ordinance, specifications and general conditions of the contract.

"Roadway": That part of the street on which shall be constructed the finished pavement.

"Street": Except where otherwise specifically limited, shall include "Avenue," "Lane" and "Road."

"Street Line" or "Property Line": The line between the land used as a street and the adjoining property.

"Street Intersection": The place where streets cross or where streets meet and said intersections shall be bounded by the street lines extended.

"Alley Intersection": The place where an alley joins or crosses a street and said intersection shall be bounded by the alley lines extended.

"Street Return" or "Alley Return": That portion of the roadway of the street or alley intersection, as the case may be, extending from the integral curb line of the main pavement extended back to the street line.

"Pavement": Includes the reinforced concrete, the integral curbs and the joint filler herein provided to be used.

"Edge of Curb": That edge or line of the integral curb nearest to the street line.

"Subgrade": That portion of the street which has been prepared as specified and on which the pavement is to be placed.

"Curb": The curb as described and set forth herein.

"Average Depth": The depth of the drain pipe as measured from the top of curb to the bottom of the trench.

"Finished Grade": The elevation of the top surface of the completed pavement at the center line unless otherwise stated said elevation shall be expressed in feet and decimals of a foot above Bloomington datum.

"Dimension" or "Size" of a drain pipe expressed as "four (4) inch," "eight (8) inch," or "ten (10) inch": The internal diameter of said pipe.

Section 2. That the recommendation of the Board of Local Improvements of the City of Bloomington, Illinois, providing for said local improvement, to-

gether with the estimate of the cost thereof, made by the Engineer of the Board of Local Improvements of said City, both hereto attached, be and the same are hereby approved.

Section 3. That the management of said improvement shall be under the general supervision of the Board of Local Improvements.

Section 4. That the work in the construction of said improvement, the quality and quantities of materials used therein, the grade and finish of said improvement, shall all conform to and comply with the plans and specifications of said improvement now on file in the office of the City Engineer of the City of Bloomington, Illinois, a copy of which plan and profile, which are hereby approved, is hereto attached and made a part of this ordinance.

Section 5. The materials furnished and the workmanship employed in the construction of said improvement shall be of such character and quality as to insure the same to be free from defects and in continuous good order and condition during and at the end of five years from the completion and acceptance of said improvement, and the contractor to whom shall be awarded the contract shall agree to keep and maintain said improvement without additional cost or charge to said City for the period of five years from and after the completion and acceptance of same, except as to defects or necessity of repair caused by or under license from the city.

Section 6. That the said improvement herein provided for, and the whole cost of said improvement, including the sum of eighty and no/100 dollars, being the amount included in the estimate of the City Engineer, hereto attached, as the cost of making, levying and collecting the assessment herein, be paid for by special assessment to be levied upon the property specially benefited to the amount that the same may be legally assessed therefor, in accordance with the act of the General Assembly of the State of Illinois, entitled, "An Act Concerning Local Improvements," approved June 14, 1897, and amendments thereto; and the remainder of such costs and expenses to be paid by general taxation; and that the sum in this section mentioned shall be applied toward the cost of making, levying and collecting such assessment, as provided for by said act of said General Assembly and the amendments thereto.

Section 7. That the aggregate amount herein ordered to be assessed against said city and the property, and also the assessment against each lot, block, tract or parcel of land therein assessed, shall be divided into three installments in the manner provided for by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of five (5%) per centum per annum, according to law.

Section 8. That for the purpose of anticipating the collection of the aforesaid second and succeeding installments provided for in this ordinance, the said City of Bloomington shall issue bonds, payable out of the said installments, bearing interest at the rate of five per centum per annum, payable annually, and signed by the Mayor and City Clerk of said City, under the corporate seal of said City; said bonds to be issued in the sum of One Hundred ($100.00) Dollars each, or some multiple thereof, and shall be issued in accordance with and shall in all respects conform to the provisions of said act of the said General Assembly of the State of Illinois, entitled, "An Act Concerning Local Improvements," approved June 14, 1897, and all amendments thereto.

Section 9. That to insure the City of Bloomington that said improvement will be constructed in the manner herein specified and that said improvement when constructed will be free from all defects and remain in continuous good order and condition during and at the end of five years from and after its completion and acceptance, ordinary wear and tear, and damage resulting from accident or willful destruction, excepted, and that the said City shall be saved and kept harmless from any and all claims, demands, loss, suits, costs, expenses and damages which may be made, brought, sustained or recovered against said City by reason of any negligence, default or failure in building, constructing or completing said improvement and its appurtenances, or any part thereof, the Contractor to whom shall be awarded the contract for the construction of said improvement, shall at the time of entering into the same furnish the City of Bloomington a good and sufficient bond, payable to the said City, in the penal sum of at least thirty-three and one-third (33⅓%) per cent of said Contractor's bid, which said bond shall

be signed by said Contractor, as principal, and by some reliable guarantee company licensed to transact business in the State of Illinois, as surety, the said surety to be approved by the City Council of said City. The said Contractor also shall furnish to the City of Bloomington a good and sufficient bond payable to said City, in the penal sum of Six Hundred and no/100 Dollars, conditioned for the payment of all materials used in the construction of said improvement and for all labor performed thereon, whether by a subcontractor or otherwise, which said bond shall be signed by said Contractor, as principal, and by some reliable guarantee company licensed to transact business in the State of Illinois, as surety, the said surety to be approved by the City Council of said City.

Section 10. That the City Attorney of the City of Bloomington be and he is directed to file a petition in the name of the City of Bloomington, in the Circuit or County Court of McLean County, Illinois, praying that steps be taken to levy a special assessment for said improvement, in accordance with the provisions of this ordinance and the laws of the State of Illinois; and that he take any and all other steps necessary to carry this ordinance into effect.

Section 11. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Section 12. This ordinance shall be in full force and effect from and after its passage and approval.

Attest: Approved:

HERMAN J. BOCK, *City Clerk.* BEN S. RHODES, *Mayor.*

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—We have a report that there are five men working at Lake Bloomington, who are drawing a salary from the City of Bloomington. These men, we understand, are non-residents of the City of Bloomington. We demand that men from the City of Bloomington be employed on these jobs.

Yours truly,

THE UNEMPLOYED COUNCIL OF THE CITY OF BLOOMINGTON.

P. S—The following are the names of these men: Emmet Hinthorn, Frank Farrow, Paul Nevins, Bud Vandegraph.

On motion by Alderman Simshauser the communication was referred to the Special Water Committee.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—We, the Unemployed Council of the City of Bloomington, demand that the labor furnished on the Allin street job of paving be home town men, and also recommend that all other paving jobs be done by the City of Bloomington and not contracted out, while this depression lasts.

Respectfully,
THE UNEMPLOYED COUNCIL OF THE CITY OF BLOOMINGTON.

On motion by Alderman Simshauser the communication was referred to the Streets & Alleys Committee.

RESOLUTIONS

Presented by Alderman Hayes.

Bloomington, Illinois, January 15, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the City Clerk be and he is hereby directed to advertise for bids for one building to be built on the site just west of the present building at the water works, according to plans and specifications on file in the office of A. F. Moratz, architect; building to be used to house the new Diesel engine.

Motion by Alderman Hayes that the resolution be adopted.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Sargent, Gunn, Donovan, Raycraft, Schueth, Irvin, Olson. 14.

Nays: 0.

Motion carried.

Presented by Alderman Kurtz.

Bloomington, Illinois, January 15, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Supt. of Water and Light be and he is hereby requested to place an electric light on Lincoln street, midway between Clinton and Bunn streets.

Referred to the Light Committee.

Presented by the Clerk.

Whereas, February 22, 1932, is the two hundredth anniversary of the birth of George Washington; and

Whereas, the Congress of the United States has established "The United States Commission for the Celebration of the Two Hundredth Anniversary of the Birth of George Washington"; and

Whereas, Said United States Commission has actively urged the appointment of commissions in each state and territory, and in every city and town to formulate and carry out plans for said celebration from February 22, 1932, to Thanksgiving Day, November 24, 1932; and

Whereas, in keeping with the resolutions of the Congress of the United States, the Fifty-Seventh General Assembly of the State of Illinois has created a state commission for said celebration; and

Whereas, the Illinois George Washington Bicentennial Commission has requested the city authorities to cooperate with the State Commission to the end, as expressed in the congressional resolutions inviting participation of states and territories, "that the Bicentennial anniversary of the birth of him who was 'first in war, first in peace, and first in the hearts of his countrymen'—the pioneer, the soldier, the statesman, the husbandman, the exemplar of American citizenship, George Washington, may be commemorated in the year 1932 in such manner that future generations of American citizens may live according to the example and precepts of his exalted life and character and thus perpetuate the American Republic."

Therefore, Be It Resolved by the City Council of the City of Bloomington that the Mayor be and he hereby is authorized to appoint a City Commission to prepare and carry out a plan or plans and a program for the Bicentennial Celebration of the Birth of George Washington, in coordination with the plans of the United States Commission and the State Commission therefor.

Be It Further Resolved that upon the appointment of the City Commission, as herein provided said Commission organize and appoint such committees and directors of activities as it may deem necessary in the organization of the work of said Commission.

Be It Further Resolved that all of the departments of the city government of Bloomington be and they hereby are directed to cooperate in full measure with the City Commission in the execution of these resolutions and that all civic organizations in Bloomington be invited to participate in such manner as may seem to them most fitting in the celebration of the Bicentennial Anniversary of the birth of our first president.

On motion by Alderman Hayes the resolution was adopted.

On motion by Alderman Donovan the meeting adjourned.

Motion carried.

Presented by Alderman Harting.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the petition of the Unemployed Council of the City of Bloomington would respectfully report that we have taken the matter of employing Bloomington labor on the Allin street paving contract up with Ward, Prothero Company, the contractor on this job, and they have assured us that they will employ nothing but local labor on this or any other contract of street paving in the City of Bloomington. We have also taken this matter up with the City Attorney and he informs us that there is a clause in our Ordinances that specifies that local labor shall be given the preference on all public work.

We have also investigated their request that the City of Bloomington do their own paving instead of letting them out to private contractors and we have found that the statutes of the State of Illinois provides that where any public improve-

men is made under the Local Improvement Act and an assessment is spread on the abutting property, that the contract must be let by competitive bid to the lowest responsible bidder.

Respectfully submitted,
F. OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets and Alleys Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Committee on Sidewalk and Trees would report that we have investigated the following resolutions and would recommend that the work be done.

Resolution by Alderman Gunn: That the Supt. of Streets repair sidewalk on the northwest corner of Morris avenue and Perry street.

Resolution by Alderman Olson: That the Supt. of Streets take down three (3) dead trees at the northwest corner of Allin and Mill streets. The committee would recommend the taking down of two (2) of these trees.

Resolution by Alderman Harting: That the Supt. of Streets take down two (2) dead trees at 1202 S. Wright street.

Respectfully submitted,
CHAS. H. HARTING
P. J. IRVIN
DEWITT GRAY
Sidewalk & Bridges Committee.

On motion by Alderman Olson the report was received and placed on file.

Presented by Alderman Welch.

Bloomington, Illinois, January 22, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

The Advisory Health Committee on August 28, 1931, appeared, by appointment, before an adjourned meeting of the Council at which time it offered a suggestion, for your approval, to the effect that you try for one year the plan of employing a part time Health Director, supplemented by a full time Public Health trained nurse at no increased expense to the Health Department and at the same time retaining the present corps of workers.

You have complied in part by electing a part time Health Director with the full approval of the Advisory Committee.

Therefore we ask you not to delay the program of health work but express your best judgment in passing an ordinance covering the appointment of a Public Health Nurse at your earliest convenience, with the intention of retaining the present corps of workers in the department.

It has been a pleasure to personally meet each Alderman and discuss the above question and we deeply respect their attitude but sincerely trust that you understand our deep interest in an educational Health Program touching every home in our community.

Respectfully submitted,
ADVISORY HEALTH COMMITTEE
MRS. SPENCER EWING
MRS. CLARENCE BROUGHTON
MRS. PHIL WOOD
MRS. EARL BACH
MRS. GEORGE MONROE

Bloomington, Illinois, January 22, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That until further order of this Council a trained public Health Nurse shall be employed by the City. She shall be selected by the Mayor by and with the approval and consent of the City Council. She shall be assigned to the Department of Health, and shall have such duties as the Committee on Health of this Council from time to time shall direct. She shall be paid for her services at the rate of $150.00 per month.

Motion by Alderman Welch that the resolution be adopted.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Summers, Harting, Hayes, Kurtz, Schueth, Olson. 8.

Nays: Simshauser, Sargent, Gunn, Donovan, Raycraft, [redacted] Irvin. 6.

Motion carried.

Presented by the Clerk.

Bloomington, Illinois, January 22, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

WHEREAS, in the specifications for the construction of a Power House for the City of Bloomington, submitted to the various contractors for the purpose of bidding on the construction thereof, there is the following provision: "All labor employed on this building must be union labor"; and,

WHEREAS, such provision has excluded a number of contractors of the city from submitting bids, and would also exclude a large number of the unemployed from securing employment in the construction of said building; and,

WHEREAS, regardless of the question of the legal right of the city to so limit such employment, it is the opinion of your petitioner that all taxpayers in Bloomington should have an equal right to bid and to work upon such building,

NOW, THEREFORE, I respectfully request your Honorable Body to amend said specifications by excluding therefrom the above provision, namely, "All labor employed on this building must be union labor," and any other provisions therein contained which may restrict the right of any citizen of Bloomington to an equal chance to bid upon and to procure employment under said contract, and that any bids that may have been received for the construction of said Power House under said specifications be rejected, and that new bids be advertised for, at a time when all interested contractors would have an adequate time to submit bids under revised specifications excluding said clause.

GERSHAM J. SKINNER.

On motion by Alderman Simshauser the communication was referred to the Special Committee.

Bloomington, Illinois, January 22, 1932.

Mr. A. F. Moratz, Architect for City of Bloomington, Ill.:

We propose to furnish all necessary labor and material, equipment and services necessary, for the erection and completion of a Power House for the City of Bloomington, Illinois, as per plans and specifications, for the sum of Twenty-Seven Thousand, One Hundred and Forty-Eight ($27,148.00) Dollars.

22M outside face brick will be required.

30M inside face brick will be required.

GEO. GILDNER & SONS.
By AUGUST GILDNER.

Bloomington, Illinois, January 22, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—We, the undersigned, propose to furnish all labor, materials, equipment and services necessary for, and reasonably incidental to the construction and completion of a Power House for the City of Bloomington, Illinois, in accordance with the contract documents and the accompanying drawings for the sum of Twenty Thousand Four Hundred Seventy-Five ($20,475.00) Dollars.

26M outside face brick will be required.

30M inside face brick will be required.

We propose if awarded the contract, to complete same in 90 calendar days.

We have built the following successful heavy machine foundations, to-wit:

Respectfully submitted,
J. L. SIMMONS CO., INC.
By J. B. FELMLEY, *Secretary.*

On motion by Alderman Hayes the bids were received for further consideration.

Presented by the City Attorney.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

In response to your request for sufficient ground upon which to construct a sidewalk along the west curb of pavement laid on Mason street between Oakland avenue and Moulton streets, in the City of Bloomington, Illinois, I submit to the City Council the following proposition for their consideration:

First: I submit herewith deed for the following described property, to-wit: Commencing at a point on the south line of Oakland avenue in the City of Bloomington, Illinois, which point is thirty-eight and one-half (38½) feet west of the northwest corner of Lot One (1) in Block Sixteen (16) in Painter's Second Addition to the City of Bloomington, Illinois, said point of beginning being at the intersection of the south line of Oakland avenue with the west line of the pavement as now laid on Mason street in said city; thence from said point of beginning south parallel with the east line of Mason street in said city a distance of one hundred fifteen (115) feet to the south line of Lot Three (3) in Block Sixteen (16) in said Painter's Second Addition; thence west along the south line of said Lot 3, three (3) feet; thence north to a point on the south line of said Oakland avenue three (3) feet west of the point of beginning; thence east along the south line of Oakland avenue three (3) feet to the point of beginning;

this being a strip three (3) feet in width and parallel to and adjacent with the west curb line of the pavement now laid on Mason street and extending along same from Oakland avenue to the south line of my property, a distance of One Hundred Fifteen (115) feet. The consideration of this said deed, should same be accepted by this Council, shall be the cash sum of Five Hundred ($500 00) Dollars and the construction, at the expense of the City of Bloomington, of a cement sidewalk upon the property acquired by said deed, which said cement sidewalk will be constructed at a grade not more than six inches above the present grade of the west curb of Mason street as aforesaid and which said sidewalk shall be constructed according to the established standards and specifications as provided in the ordinances of the City of Bloomington and shall be constructed with due expedition and as soon after the acceptance of this proposition as the season will permit.

In addition, the City of Bloomington will construct at its expense simultaneous with the construction of the sidewalk as aforesaid, a cement retaining wall of not less than six inches in thickness and of sufficient height to maintain the present established grade of my lot immediately adjacent to said wall, said wall to be constructed in a workmanlike manner and according to all standards and specifications now in force by ordinance or otherwise, regarding work of this nature and character; said wall shall have a perpendicular face, shall be immediately adjacent to the sidewalk as aforesaid and shall encroch upon my property not to exceed six inches at the top and shall be properly backfilled after completion.

As a further consideration for the conveyance by me, as aforesaid, it is proposed that the City of Bloomington shall, at its expense, move a shed now resting upon the property herein proposed to be conveyed, westward a sufficient distance to clear the property herein proposed to be conveyed and sufficient distance further to permit and accommodate the construction of the retaining wall herein also proposed.

As a further consideration, the city shall cause to be removed a large tree now partially obstructing the right-of-way herein proposed to be conveyed and also shall cause to be removed any poles or other obstructions now on said proposed right-of-way.

It is further understood that this proposal as submitted shall be held open by me for acceptance by the said City of Bloomington, for and during the month of January, 1932 only, and that acceptance hereof shall be sufficiently evidenced by Resolution of the City Council, or rejection thereof by the return of the deed herewith submitted.

Respectfully submitted,
ALICE HILL.

THIS INDENTURE WITNESSETH, That the Grantor, Alice Hill, a widow and a single woman, of the City of Bloomington, County of McLean and State of Illinois for and in consideration of the sum of One ($1.00) Dollar and other good and valuable consideration in hand paid, convey and warrant to the City of Bloomington, Illinois, a municipal corporation, of the County of McLean and State of Illinois, the following described real estate, to-wit:

Commencing at a point on the south line of Oakland avenue in the City of Bloomington, Illinois, which point is thirty-eight and one-half (38½) feet west of the northwest corner of Lot One (1) in Block Sixteen (16) in Painter's Second Addition to the City of Bloomington, Illinois, said point of beginning being at the intersection of the south line of Oakland avenue with the west line of the pavement as now laid on Mason street in said city; thence from said point of beginning south parallel with the east line of Mason street in said city a distance of one hundred fifteen (115) feet to the south line of Lot Three (3) in Block Sixteen (16) in said Painter's Second Addition; thence west along the south line of said Lot 3, three (3) feet; thence north to a point on the south line of said Oakland avenue three (3) feet west of the point of beginning; thence east along the south line of Oakland avenue three (3) feet to the point of beginning.

Motion by Alderman Kurtz that the bills and pay rolls be allowed and orders on the Treasurer drawn in payment of same.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Sargent, Gunn, Donovan, Raycraft, Schueth, Irvin, Olson. 14.

Nays: 0.

Motion carried.

Presented by Alderman Harting.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions, would respectfully report that we have investigated the same and would recommend that the work be done:

Resolution by Alderman Summers: That the Supt. of Streets is hereby requested to cut down dead poplar tree on the north side of Mulberry street, just west of alley, between Main and Center streets.

Resolution by Alderman Olson: That the Supt. of Streets be and he is hereby directed to repair sidewalk intersection at the southwest corner of Olive street and Western avenue.

Respectfully submitted,

CHAS. H. HARTING
DEWITT GRAY
P. J. IRVIN
Sidewalk & Bridges Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by Alderman Welch.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Special Water Committee to which on January 15, 1932, there was referred a communication of The Unemployed Council of the City of Bloomington naming four men who were employed at Lake Bloomington who are not residents of this City, and asking that their positions be filled by Bloomington residents, respectfully would report as follows:

The four men mentioned were not originally selected or employed by the City of Bloomington, but were working at Lake Bloomington under the Water Company when the City took over the Lake and the pumping plant on September 1, 1931. Their employment was continued by the City after that date because of their particular fitness for the work in which they were engaged. Their duties have consisted in working in the timber at the Lake and performing labor which only men well experienced in timber work could do. There are two tractors at the Lake which are so old and in such a condition that only men who are familiar with these particular tractors could make them run. These four men have been giving very good service, especially since they are entirely familiar with all the land around the Lake and can do the work without supervision where it would require supervision and direction for men who are not familiar with the territory.

However, your Committee reports that arrangements have been made to put residents of Bloomington in two of these jobs by February 1, 1932.

Respectfully submitted,

H. A. WELCH
C. H. KURTZ
FRANK H. GUNN
Special Water Committee.

On motion by Alderman Summers the report was adopted and recommendations concurred in.

On motion by Alderman Harting the petition of the Harmon Tire Co. to install electric sign at 104 West Olive street was referred to the City Electrician with power to act.

Presented by the City Clerk.

PETITION FOR REDUCTION OF TELEPHONE RATES

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the members of the WORKMEN'S PROTECTIVE ASSOCIATION, through our executive board having voted a resolution asking for the reduction of telephone rates in the city of Bloomington do hereby submit copy of said resolution to your honorable body and we most respectfully petition your body to take action at once toward securing a reasonable reduction of the telephone rates in the city of Bloomington.

WORKMEN'S PROTECTIVE ASSOCIATION
JAMES F. FIKE,
Chairman of Executive Board.

RESOLUTION

WHEREAS the cost of all material and other commodities has now reached low levels, and whereas the cost of all operating expenses for telephone corporations are less than formerly, therefore be it RESOLVED, by the WORKMEN'S PROTECTIVE ASSOCIATION that a proper petition be prepared by our executive board, and together with a copy of this resolution, be presented to our Honorable Mayor and the City Council of the City of Bloomington, requesting immediate action by the city toward securing a reasonable reduction in telephone rental rates and charges for the City of Bloomington.

PETITION

Bloomington, Illinois, February 9, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the undersigned retail merchants of the City of Bloomington, hereby petition your honorable body to reduce the license fee required for the selling of cigarettes from One Hundred ($100.00) Dollars per year to Twenty-Five ($25.00) Dollars per year.

We represent that many of our customers expect us to handle cigarettes, but under the present license requirements it is impossible for the average retailer to anywhere near break even on the cigarette business when required to pay so much in the form of a license fee. The fact is that except in very few instances, the small retailer handling cigarettes loses money on this end of the business.

Respectfully submitted,

(Signed by 104 Retail Merchants.)

On motion by Alderman Kurtz the petition was referred to the Judiciary and License Committee.

The Clerk presented the following ordinances:

AN ORDINANCE PROHIBITING AUCTION SALES EXCEPT IN CERTAIN CASES, REQUIRING A LICENSE FOR ALL PERMITTED PUBLIC AUCTION SALES AND PROVIDING A PENALTY FOR THE VIOLATION OF THIS ORDINANCE.

AN ORDINANCE REQUIRING A LICENSE FOR ENGAGING IN THE BUSINESS OF AN ITINERANT MERCHANT, FIXING THE LICENSE FEE THEREFOR, AND PROVIDING A PENALTY FOR THE VIOLATION OF THIS ORDINANCE.

On motion by Alderman Sargent the ordinances were laid over one week.

On motion by Alderman Donovan the meeting adjourned.

RESOLUTION

Bloomington, Illinois, February 19, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the City Attorney notify the Illinois Power & Light Corporation to repair pavement in their right of way at the intersection corner of Main and Lincoln streets.

Adopted.

On motion by Alderman Kurtz the bond of Frank Morrison's Sons Master Plumbers, was approved.

Presented by the Clerk.

AN ORDINANCE
REQUIRING A LICENSE FOR ENGAGING IN THE BUSINESS OF AN ITINERANT MERCHANT, FIXING THE LICENSE FEE THEREFOR, AND PROVIDING A PENALTY FOR THE VIOLATION OF THIS ORDINANCE.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. The term "itinerant merchant" and the term "transient vendor of merchandise" as used in this ordinance shall mean any person, firm or corporation engaging temporarily in a retail or wholesale business within the corporate limits of the City of Bloomington, Illinois, and including those who for the purpose of carrying on such business hire, lease or occupy any lot, building, room, structure, truck, van, motor or railroad car for the exhibition or sale of goods, wares and merchandise; PROVIDED, HOWEVER, that nothing in this ordinance shall be construed to apply to any persons handling vegetables, fruit, or perishable farm products in any established city, village or community market.

Section 2. It shall be unlawful for any person, firm or corporation to engage in business as an itinerant merchant or transient vendor of merchandise in said City without first having obtained a license as hereinafter provided.

Section 3. Every itinerant merchant or transient vendor of merchandise before offering for sale any goods, wares or merchandise shall pay to the Comptroller the following sum or sums: For any number of days not exceeding ten, the sum of fifty dollars; for any number of days greater than ten and not exceeding thirty, one hundred dollars; for any number of days greater than thirty and not exceeding one hundred eighty, three hundred dollars; for any number of days greater than one hundred eighty and not exceeding three hundred sixty, five hundred dollars. No license shall be granted for a less sum than fifty dollars.

Section 4. Any itinerant merchant or transient vendor of merchandise desiring to engage in such business in said City shall file with the City Clerk of said City a sworn application stating the applicant's name, residence, place where he intends to do business, and the kind of business. Said applicant shall at the same time deposit with the City Clerk the sum of Five Hundred Dollars or file a surety bond in like amount to be approved by the Clerk, whereupon the Mayor, upon full payment of the license fee shall issue to said applicant a license as herein provided. Before issuing the said license the Mayor may require of said applicant evidence of his good character and business integrity.

Section 5. Deposits made with the City Clerk as required by the preceding section shall be subject to taxes, state and county, license fees and to the claims of creditors in all cases where a judgment has been obtained against such itinerant merchant or transient vendor of merchandise in any court in McLean County and the time for appeal from such judgment has expired. In such cases garnishment proceedings may be commenced against said City Clerk. It shall thereupon be the duty of the City Clerk to remit to the court any balance of said cash deposit remaining in his hands, not exceeding the amount of said judgment for the purpose of satisfying same. Any balance of said cash deposit remaining in the hands of the City Clerk four months after the expiration of said license shall be remitted to said itinerant merchant or transient vendor of merchandise, provided if at such date the City Clerk shall have received written notice of any suit then pending, said deposit shall not be returned until sixty days after the termination of said suit.

Section 6. Any such license shall be void as soon as the deposit made or bond filed with the City Clerk shall have been exhausted because of garnishment suits as above provided.

Section 7. Nothing in this ordinance contained shall apply to or require the obtaining of a license by any charitable or religious society or organization that shall conduct a sale of goods, wares or merchandise when the proceeds thereof shall be applied to the payment of the expenses thereof and to the charitable or religious object for which said society or organization exists.

Section 8. Any person, firm or corporation violating any of the terms of this ordinance, or failing to comply with any of the terms thereof, shall be fined in a sum not less than Twenty-Five Dollars nor more than Two Hundred Dollars for each offense. Each and every day on which this ordinance, or any part thereof, is violated, shall constitute a separate and distinct offense.

Section 9. Any such license may be revoked by the Mayor or by the Council whenever in the judgment of either the public welfare requires such revocation. The acceptance of any license under this ordinance shall constitute an agreement between the parties to such license, even though the license itself does not state such fact, that the same may be so revoked, and in case of revocation the unearned portion of the license fee shall be refunded.

Section 10. Each separate section and each separate provision of each section of this ordinance shall be deemed independent and separate from every other section and provision, and the invalidity of any section or part of a section of this ordinance shall not affect the validity of the remainder of said section or the remainder of this ordinance, it being the intention of the City Council of said City to enact as a law each separate provision herein regardless of its relationship to any or all of the other provisions, and regardless of the invalidity of any other provision.

Section 11. That Sections 1, 2 and 3 of Article 23 of Chapter 9, being all of said Article 23 and being General Sections Numbers 862, 863 and 864 of the Revised Ordinances of the City of Bloomington, Illinois, passed November 30,

1917, approved November 30, 1917, and in force January 1, 1918, be and the same hereby are repealed. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Section 12. This ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

Attest: Approved:

HERMAN J. BOCK, *City Clerk.* BEN S. RHODES, *Mayor.*

Passed by the City Council of the City of Bloomington, Illinois, this 19th day of February, A. D. 1932.

Approved by the Mayor of the City of Bloomington, Illinois, this 20th day of February, A. D. 1932.

Recorded this 20th day of February, A. D. 1932.

Published this 23rd day of February, A. D. 1932.

Motion by Alderman Irvin, duly seconded by Alderman Donovan that the ordinance be passed.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Gunn, Donovan, Raycraft, Schueth, Irvin, Olson. 13.

Presented by the Clerk.

AN ORDINANCE
PROHIBITING PUBLIC AUCTION SALES EXCEPT IN CERTAIN CASES, REQUIRING A LICENSE FOR ALL PERMITTED PUBLIC AUCTION SALES, AND PROVIDING A PENALTY FOR THE VIOLATION OF THIS ORDINANCE.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. It shall be unlawful for any person, firm or corporation to sell or offer for sale in the City of Bloomington, Illinois, at public auction any goods, wares or merchandise or other effects whatsoever; PROVIDED, however, this ordinance shall not extend or apply to any officer or person executing any process or order of any Court selling any property or effects directed by law to be sold at public auction, or to the property or effects of any deceased person when sold by order of the personal representative, or to any sale by a Trustee in Bankruptcy, or to any judicial sales whatsoever, or to any sales of real estate, or to any sale held by virtue of any bona fide mortgage or chattel mortgage, or to the sale of household furniture and effects at the dwelling of the owner.

AND, PROVIDED FURTHER, that a closing out auction sale may be held upon obtaining a license therefor as hereinafter provided. A closing out auction sale is defined to be an auction sale by any person, firm or corporation actually retiring from business as retail or wholesale merchants, of a stock of goods,

wares, merchandise or other effects on hand in the usual course of business as the stock or fixtures of said person, firm or corporation.

Section 2. Every person, firm or corporation applying for a license for such closing out auction sale shall execute and deliver to the City Clerk a bond in the penal sum of One Thousand Dollars, with surety to be approved by the City Clerk, conditioned for the faithful observance of the ordinances and regulations of the City and for the payment of any final judgment obtained by any person by reason of fraud or misrepresentation at said auction, and also shall pay to the Comptroller the sum of Twenty-Five Dollars for a license which shall expire thirty days following the issuance of the same. Upon a compliance with the terms of this ordinance the Mayor shall issue a license to said applicant.

Section 3. Any person, firm or corporation desiring to hold a closing out sale as in this ordinance defined shall file with the City Clerk a verified written application showing (1) that the applicant as such has been in business continuously in the City of Bloomington as a retail or wholesale merchant for a period of six months last preceding such application; (2) that such applicant at the time of making such application shall have owned the goods to be sold for a period of one month prior thereto, except as to additions in the ordinary course of business; (3) that said applicant has held no closing out auction sale in said City within a period of one year prior to such application; (4) that the application is made in good faith for the purpose of retiring from business; (5) that the applicant consents to the forfeiture of the license in the event that the applicant or any of his or its servants or agents violate any provision of this ordinance. No license shall be issued until the aforesaid application in proper form has been filed. Such applicant shall tender with the application a completely itemized inventory listing and describing the merchandise and effects to be auctioned, so that identification can be made of such merchandise and effects.

Section 4. No license shall issue for a closing out auction sale unless it shall appear that the property proposed to be sold is a bona fide part of applicant's stock or fixtures in trade, and was not secured, purchased or brought into said place of business for or in anticipation of said sale. Any false or fraudulent statement or representation made by any applicant or the agent of any applicant for the purpose of procuring a license shall be a violation of this ordinance. It shall be unlawful for any person during the progress of such sale, or at any time after the making of said application, to replenish or add to his stock as inventoried or to sell or offer for sale any articles not included in the aforesaid inventory.

Section 5. The license to conduct a public auction sale which is required by the foregoing sections of this ordinance is separate and distinct from the license to act as an auctioneer, and the said license to conduct a public auction sale shall not give any person the right to act as an auctioneer.

Section 6. Any such license may be revoked by the Mayor or by the Council whenever in the judgment of either the public welfare requires such revocation. The acceptance of any license under this ordinance shall constitute an agreement between the parties to such license, even though the license itself does not state such fact that the same may be so revoked, and in case of revocation the unearned portion of the license fee shall be refunded.

Section 7. Each separate section and each separate provision of each section of this ordinance shall be deemed independent and separate from every other section and provision, and the invalidity of any section or part of a section of this ordinance shall not affect the validity of the remainder of said section or the remainder of this ordinance, it being the intention of the City Council of said City to enact as a law each separate provision herein regardless of its relationship to any or all of the other provisions, and regardless of the invalidity of any other provision.

Section 8. Every person, firm or corporation violating any of the terms of this ordinance, or failing to comply with any of the terms thereof, shall be fined in a sum not less than Twenty-Five Dollars nor more than Two Hundred Dollars for each offense. Each and every day on which this ordinance, or any part thereof, is violated shall constitute a separate and distinct offense.

Section 9. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Section 10. This ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

To the Board of Local Improvements of the City of Bloomington, Illinois:

GENTLEMEN:—I hereby submit an estimate of the cost of constructing concrete sidewalks to be five (5) feet in width on Mason street, east side, from the south line of Bissel street to a point one hundred and sixteen (116) feet south, where not now constructed, in accordance with the Ordinance therefor, hereto attached, including all labor and materials and other necessary expenses for the making as provided for by the law.

560 square feet of excavation at 3c per square foot.....$ 16.80
560 square feet of cinder foundation at 3c per square foot..... 16.80
560 square feet of concrete sidewalk at 14.4c per square foot..... 80.64

Total $114.24

And I hereby certify that in my opinion the above estimate does not exceed the probable cost of the proposed improvement, together with the lawful expenses attending the same.

Respectfully submitted,
SCOTT E. MCCULLOUGH,
City Engineer.

AN ORDINANCE
PROVIDING FOR A CONCRETE SIDEWALK IN THE CITY OF BLOOMINGTON, ILLINOIS, ON MASON STREET, EAST SIDE, FROM THE SOUTH LINE OF BISSEL STREET TO A POINT ONE HUNDRED AND SIXTEEN (116) FEET SOUTH.

Be It Ordained by the Council of the City of Bloomington, Illinois:

Section 1. That a local improvements be and the same hereby is ordered to be made within the City of Bloomington, Illinois, the nature, character, locality and description of which is as follows:

That a cement sidewalk five (5) feet in width be and the same hereby is ordered to be constructed on Mason street, east side, from the south line of Bissel street to a point one hundred and sixteen (116) feet south.

Said sidewalk, in part, adjoining the line of the following described properties:

ADDITION OR SUBDIVISION	Side	Lot	Block	Front Feet
Major's 2nd Addition	west	2	4	56.0
Major's 2nd Addition	west	3	4	56.0

Sec. 2. Said sidewalk shall be so constructed that when completed the top of the inner edge thereof shall conform to the established grade, and the top of the walk shall be a perfect plane having a uniform incline from the inner edge toward the street of one-quarter of an inch in every foot. Said grade wherever practical shall be established five-tenths of one foot above the curb grade.

Sec. 3. The grade of this proposed improvement hereby is established as follows:

At the S. E. corner of Mason and Bissel streets at an elevation of 112.76′ above datum.

At a point on the east line of Mason street, 116.0 feet south of the south line of Bissel street at an elevation of 115.01 feet above datum.

The above heights as fixed are and shall be measured from and referred to a plane as the base or datum for all city levels in said City, said plane referred to being 120.58 feet below the center of an aluminum plate placed near the southeast corner of the McLean County Court House, in Bloomington, Illinois, by the United States Geological Survey of 1905, and established by ordinance of the City Council of said City of Bloomington, approved November 10, 1905.

Sec. 4. Said sidewalk shall be constructed in accordance with the specifications and requirements set forth in an ordinance entitled, "An Ordinance establishing the standard for construction of cement concrete sidewalks in the City of Bloomington, Illinois, and providing for the method of payment for the same," passed by the Council of said City of Bloomington, on the seventh day of April, 1922, and approved by the Mayor of said City on the same day.

Sec. 5. Said sidewalk shall be paid for by special taxation of the lots or parcels of land touching upon the line where said sidewalk is ordered by the levying of the whole cost of that portion of said sidewalk which is to be in front of private property, upon each lot or parcel of land upon the line of said walk in proportion to the frontage in accordance with the said ordinance described in the last preceding section of this ordinance.

Sec. 6. That the City Attorney of said City hereby is authorized and directed, if the same shall be necessary, to file a petition in either the Circuit or County Court of McLean County, Illinois, in the name of the said City of Bloomington, praying that steps may be taken for the levying of a special tax for said improvement, or any portion thereof, and for the paying of the costs and expenses as above provided, in accordance with the laws of the State of Illinois; and that he take any and all other steps necessary to carry this ordinance into effect.

Sec. 7. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Sec. 8. This ordinance is declared to be urgent and necessary, and shall therefore take effect and be in full force from and after its passage and approval as provided by law.

February 25, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois: A Petition

According to a resolution taken by our Executive Committee, we hereby petition your civic body to take as immediate action as possible upon the following:

One of the many causes of unemployment which bears so heavily upon a large number of the families of Bloomington, is that many people are holding two jobs or positions at one and the same time. Also, there are a number of married women whose husbands are remuneratively employed, who are working for salaries or wages which would support homes now depending upon financial collapse depression.

It is at once obvious that if each man were restricted to but one job or position, and that if the positions of married women whose husbands are able to support the home were given to women able to do the work but depending upon the civic charities, much of the resources of the relief bureaus would be saved for caring far better for the needs of those family heads for whom there is not sufficient employment to be had in these times.

Our Council hereby openly asks that the City Council of Bloomington at once take such action as is within their jurisdiction in so arranging that the above abuses of unfairly holding paying jobs and positions be stopped. It is wholly to the interests of the City's affairs that this be properly attended to; and our Committee in charge of delivering this petition are instructed to await the kindness of your favorable reply.

We, represening the people of your City who are unavoidably in desperate straits, gladly take this occasion to thank your Council for what action for relief you have taken thus far, and to encourage you to such further action as is necessary to avoid economic trouble almost beyond the bearing.

Respectfully,
M. E. QUINN
THOMAS WILLIAMS
Committee.

On motion by Alderman Simshauser the petition was received and referred to Judiciary Committee with instructions to confer with the Association of Commerce.

Presented and read by his Honor, the Mayor.

Hon. B. S. Rhodes, Mayor
Bloomington, Illinois.

Dear Sir:

The Fifty-Seventh General Assembly enacted legislation which requires the State to locate extensions of State Bond Issue and Federal Aid roads through cities, towns and villages and to construct, reconstruct and maintain a durable hard-surface on such extensions having a width not greater than the present or reasonable expected future traffic may require on the State highway immediately outside the corporate limits.

This new legislation also provides that an improvement having a greater width or different type may be adopted by agreement between this department and the proper municipal authorities having control over the street or thoroughfare upon which such State highway extension is located; the excess cost of such construction, reconstruction or maintenance to be paid by the municipal corporation.

We have made a complete condition survey of all city streets affected by this legislation, and from this survey have determined the order of importance of various construction projects and estimates of cost. The most urgent of these projects have been included in our construction or resurfacing budget for 1932, which equitably and fairly distributes the city street work which our appropriations and funds permit during this year.

The locations in Bloomington which have been included in this program are shown in the following tabulation:

Route	Street	Location	Length	Width which State will Improve — Ft.	Type of Improvement
4	Wood	Allin to Main	0.45	20	Reconstruction
9	Locust	Main to Linden	0.64	20	Reconstruction
39	Clinton	Oakland to Grove	0.24	20	Construction

The law specifies that the width which the State improves must be used for moving traffic and no parking can be permitted on this portion of the street. If

the city desires to permit parking, additional width entirely outside the portion which the State is improving should be available, and if widening of the street is necessary in order to permit parking a width of 8'-0" is recommended for each parking lane. Should the city desire to widen the work contemplated by the State, at the same time as the State is building its portion, the State will pay for the paving and grading of the width which has been specified above and in addition will pay a pro-rata share (based on the proportionate width each party is to pave) of curb and gutter removal and reconstruction, storm water sewers but not including any portion of sanitary sewer construction; and moving fire hydrants, lamp posts, and other fixtures or appurtenances, except buildings, which must be removed in order to permit the construction of the improvement. However, if the city is not ready to proceed with its portion of the improvement then the State will pay only for the width specified in the tabulation.

Therefore we should like to know what policy the city desires to pursue on each of the projects listed herein. If the city wishes to widen, plans for the entire improvement should be made by an engineer selected by the city, and he should get in touch with our District Engineer, Mr. M. J. Fleming at Ottawa, Illinois, who will cooperate in the preparation of estimates, division of costs, etc., and in settling all details concerning plans and specifications so that the necessary legal proceedings can be undertaken promptly. On the other hand if the city desires the State to proceed with its portion independent of widening at this time, the Department will make the necessary plans, consulting with the engineering department of the city, and adjusting the improvement to existing grades and conditions. Please let us have your decision as soon as possible.

Very truly yours,

FRANK T. SHEETS,
Chief Highway Engineer.

On motion by Alderman Sargent the communication was received and placed on file.

Motion by Alderman Summers that the Board of Local Improvements proceed with the improvements contemplated and the proposals mentioned in the above communication be referred to the Streets & Alleys Committee.

On motion by Alderman Simshauser the meeting adjourned.

Presented and read by Alderman Kurtz.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Committee on Finance to which has been referred a communication and a petition finding fault with the manner in which Miss Ella Robb is dispensing the Unemployment Fund, respectfully would report that we have gone into the matter thoroughly with the Relief Committee which has the charge of dispersing this fund to the unemployed. The Relief Committee also has had these same complaints from the same source, and has gone into the matter very thoroughly watching closely the work of Miss Robb and the manner in which she conducted the distribution. This Committee reports to us that it believes Miss Robb is doing her work in an efficient manner, and that it is entirely satisfied with her administration of her position. Her work is very exacting, and in many instances misunderstandings are bound to arise. A number of complaints which were given to your Finance Committee were explained by the Relief Committee.

The fund that is being distributed is not one raised from taxes, but comes from voluntary subscriptions, and the City Council has no jurisdiction over it, except possibly to make suggestions or recommendations as any private citizen might make. We believe that the Relief Committee is most solicitous that the unemployed be treated fairly, and that they are making every effort to see that this is done. The Relief Committee is composed of men who are working without compensation for the good of the community, and their positions are not enviable ones. We have complete confidence in their ability and integrity, and do not deem that it would be proper for this Council to interfere, especially when the Relief Committee has assured us that things are being taken care of in a proper manner insofar as it is in their power and judgment to do so.

Your committee finds that the Unemployment Relief Dispensary is open on Mondays and Fridays until 4:00 P. M. and on the other four days until 12:00 o'clock noon, taking care of those inside of the office prior to that time. The remainder of the time is occupied in taking care of the necessary office work.

We realize and appreciate the task that Miss Robb has in hand is very trying, and she has the average human temperament which is bound to be influenced

by her environment. We feel that when the contact for relief is made in a business-like manner, the response on Miss Robb's part, she has assured us, would be helpful and gracious.

C. H. KURTZ

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by the Clerk.

Bloomington, Illinois, March 11, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—We, the undersigned taxi operators, hereby petition your Honorable body for consideration in regards to a lower city license in the operation of our business. In this day of strict economy, the taxi companies operating in your city have been put to a great expense through the purchase of new equipment, and in addition to this we have been compelled to carry a liability insurance on all our passengers at a rate of one hundred dollars ($100.00) per year, per car. This rate is rather excessive, but when we have a gasoline tax of 3c per gallon on gasoline, a State tax, a personal tax, and a city vehicle tax, along with the maintenance of equipment, and trying to operate our business at a 25c rate in your city during this depression you can have some conception of the position we are facing today in giving the city the best taxi service it has ever had and at a lower cost. We, early in the start of the depression gave the citizens of your city a substantial reduction in rates and in the face of increased cost of maintenance we have continued to conduct our business in the hopes of improved conditions, we would increase our revenues but with the continual falling of business. We feel as though we should be given just consideration in our petition and ask that your Honorable body give us serious consideration to the following rates in order that we shall be able to give the citizens of your city the single class taxi service at the present rate they now have, or ever have had.

We would recommend the following schedule apply to a city tax on taxicabs: $25.00 per year for the first cab, and $5.00 on each additional cab.

Respectfully yours,

YELLOW CAB COMPANY
QUICK SERVICE COMPANY
RED TOP CAB COMPANY
CHECKER CAB CO.
RITE SERVICE CAB CO.

On motion by Alderman Summers the petition was referred to the License and Finance Committee.

Presented by the Clerk.

Bloomington, Illinois, March 9, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—In behalf of the building located at 602 North Main street, and owned by my father, I am making a small claim on a water bill which seems thoroughly unjustified.

We offer the following information for your consideration and would be glad to furnish any additional facts that you want. On November 4, 1931, at the expense of $7.40, the mechanical part of the stool in the basement was repaired by Berner & Conroy. The last water statement was for $11.60. The statements for a period of four months previous averaged about $3.00, more particularly as follows, to-wit:

September	$3.91
October	3.00
November	3.24
December	2.70
January	2.38

Immediately upon receiving the last bill, we again had Berner & Conroy check their work, and we submit their statement as to the condition of this plumbing at this time. We might add that the former bills involved the use of water from the flat above the store room, and included the store room. For the period of the

last bill, the flat has been vacant, no water having been used on the second floor, and the second floor has heretofore been the biggest user of the water. The store uses a very small amount of water.

As a consequence you can see that the bill this month should be a minimum bill. There is no question but what the water has passed through and there is little argument to be had with the meter, as we had the meter checked.

However, it was certainly because of no negligence of our own that we have been put to the extra plumbing bills and the excessive water charge, and under the circumstances we certainly believe that we should have fair consideration on the matter by your committee in charge of these bills.

Very truly yours,

FRED W. WOLLRAB.

On motion by Alderman Hayes the communication was referred to the Claims Committee.

RESOLUTIONS

Presented by Alderman Olson.

Bloomington, Illinois, March 11, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Supt. of Streets be and he is hereby directed to remove iron post on east side of Morris avenue between Monroe and Market streets.

Adopted.

Presented by Alderman Olson.

Bloomington, Illinois, March 11, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Supt. of Water and Light be and he is hereby directed to install street lights on Market street between Alton tracks and Western avenue, and on Oakland avenue between Alton tracks and Magoun street, south side.

Referred to the Light Comittee.

Presented by the Clerk.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the deed from Mary E. Walters, William D. Walters and Mary E. Walters, his wife, to the City of Bloomington, conveying property on the west side of Mason street between Oakland avenue and Moulton street be and hereby is accepted; that in consideration of said deed the Comptroller hereby is ordered to pay out of the funds of the City the special assessments for pavement on Mason street and Moulton street against the east part of Lot 8 in Block 16 in H. H. Painter's Second Addition to the City of Bloomington, Illinois, amounting to approximately $393.00, and in addition thereto the City agrees that at its own expense it will construct a sidewalk 3 feet wide parallel to and adjacent with the west curb line of the pavement now laid on Mason street and extending along Mason street from Oakland avenue north to the south line of said Lot 8, and will at its own expense construct a retaining wall on the inside of said sidewalk, being on the property of said grantors, and which said retaining wall shall be as high as the adjacent ground if so desired by grantors; the said sidewalk to be con-

structed at a grade of not more than six inches above the present grade of the west curb of Mason street.

Motion by Alderman Hayes that the resolution be adopted.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Sargent, Gunn, Donovan, Raycraft, Schueth, Irvin, Olson. 14.

Nays: 0.

Motion carried.

His Honor, the Mayor, submitted the following appointments for confirmation:

SPECIAL POLICE----Clyde H. Hibbs, Valentine Gorgen, A. B. Marx, Robert Holman, Jesse E. Yarger, Chris M. Lanigan, Boyd L. Yarger, Leo Haas, Roy Yanney and Arnold McWhorter.

On motion by Alderman Summers the appointments were confirmed.

On motion by Alderman Harting the bonds of the above mentioned special police were approved.

The following motor vehicle indemnity policies covering taxi cabs were approved:

T. N. Hill, Earl Million, Herbert Werner, Paul Bryant, O. C. Page, John W. Langhoff, John Wyatt and T. M. Stevens.

On motion by Alderman Olson the rules were suspended to allow members of the Unemployed Council to inquire if it would be possible for the unemployed to work out their water and light bills.

They were informed by his Honor, the Mayor, that such cases were now handled individually.

On motion by Alderman Donovan the meeting adjourned.

FRED OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets & Alleys Committee.

On motion by Alderman Olson the report was adopted and recommendations concurred in.

Presented and read by Alderman Hayes:

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Committee on Water and Light to which on February 5, 1932, there was referred a verbal petition by the Unemployment Council concerning the shutting off of water and light in the homes of unemployed people who are not able to pay their bills, and also asking that the same subject be taken up with the local utilities supplying gas and electric current, respectfully would report that we have considered the matter and have conferred with the Illinois Power and Light Corporation and the Union Gas and Electric Company.

We do not feel that any rule for all cases can be fixed which would do justice to both the unemployed person and the City, but the City has been and will continue to investigate each individual case and treat every person fairly. The City is in full sympathy with those who are out of work through no fault of their own, and does not desire to see them go without such a necessity as water. It is the City's intention to allow all deserving people to work out their bills whenever it is at all possible to make such an arrangement. We believe that the matter will be handled by the City in such a manner that there will be no complaint. As to the two private utilities, it is well known that the City has no legal power over them in the matter in question, and cannot dictate their attitude. However, we believe that they will make every effort to do the fair thing in each individual case as it arises.

Your Committee deplores the present unfortunate situation which compels so many deserving people to ask for things which they would be able to provide for themselves in normal times, and desires that it be understood that the City is willing to be more than fair in its dealings with these people.

Respectfully submitted,
M. B. HAYES
H. A. WELCH
VAL SIMSHAUSER
Committee on Water and Light

On motion by Alderman Hayes the report was adopted and recommendations concurred in.

On motion by Alderman Gray the petition of the Yates Co. to install sign at 701 North Main street was referred to the City Electrician, with power to act.

AN ORDINANCE

PRESCRIBING THE METHOD OF ADVERTISING FOR BIDS FOR ANY WORK OR OTHER PUBLIC IMPROVEMENT, EXCEPT THAT TO BE PAID FOR IN WHOLE OR IN PART BY SPECIAL ASSESSMENT OR SPECIAL TAX, WHEN SAID ADVERTISEMENT IS REQUIRED BY LAW, AND PROVIDING FOR THE MANNER OF SAID BIDDING AND THE ACCEPTANCE OF BIDS.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. That in all cases in which by law it is required that there be an advertisement for bids for any work or other public improvement, or for the furnishing of any labor or materials to said City, except any work or public improvement to be paid for in whole or in part by special assessment or special tax, the advertisement for bids so required by law shall be published one time in a daily newspaper published in the City of Bloomington. Said notice shall be published not more than fifteen days nor less than ten days before the said bids are to be received. Said notice, among other things, shall describe in a general way the work to be done or the materials to be furnished, and shall further state where the plans and specifications, if any, are to be found, and what deposit shall accompany the bid.

Section 2. All said bids shall be delivered to the officer or body authorized to receive the same by the said advertisement, and shall be opened at the time and place set in said advertisement. In all cases the bid of the lowest responsible bidder shall be accepted, but no bid shall be considered unless accompanied by the deposit required in the advertisement.

Section 3. This ordinance shall be in full force and effect from and after its passage and approval according to law.

Attest: Approved:

AN ORDINANCE
PRESCRIBING THE METHOD FOR THE ENFORCEMENT OF THE LIEN PROVIDED BY LAW FOR WATER RENTS AND TAXES.

WHEREAS, the law of the State of Illinois provides that all water rents and taxes shall be a lien upon the premises and real estate upon or for which said water is used or supplied, and that such lien shall be enforced in such manner as the common council shall, by ordinance, direct or provide; therefore,

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. That the lien for water rents and taxes established by law against the premises and real estate upon or for which water furnished by the City of Bloomington is used or supplied shall be enforced and foreclosed by a suit in Chancery in the Circuit Court of McLean County, Illinois, according to the rules and practice of said Court. Said lien also may be enforced and foreclosed by intervention in any suit already commenced in said Court or any other Court whenever said intervention is proper under the law. Whenever the City of Bloomington is made a defendant in any suit on account of any lien it may have for the furnishing of water, it shall have full power to enforce its said lien in said proceedings.

Section 2. The method herein provided for enforcing and foreclosing the lien for water rents and taxes shall not be considered as excluding any other remedy or any other method of collecting said water rents and taxes, but shall be concurrent with all other remedies and methods.

Section 3. This ordinance shall be in full force and effect from and after its passage and approval according to law.

On motion by Alderman Harting the appointments were confirmed and the bonds approved.

On motion by Alderman Harting the rules were suspended to permit Mr. Schultz to present a verbal petition requesting employment.

On motion by Alderman Kurtz the matter was referred to the Aldermen of the Third Ward.

The Clerk presented the following ordinance:

AN ORDINANCE
REQUIRING A LICENSE FOR THE SALE OF TOBACCO IN ANY FORM, FIXING THE LICENSE FEE AND PROVIDING A PENALTY FOR THE VIOLATION OF THIS ORDINANCE.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. No person, firm or corporation shall sell or offer for sale at retail any cigarettes, cigars, or any manufactured product of tobacco, or tobacco in any form, without first having obtained a license so to do as hereinafter provided for.

Section 2. Any person, firm or corporation desiring to sell cigarettes, cigars or tobacco shall file with the City Clerk an application in writing setting forth the name and address of the person so applying, and the location at which it is proposed to sell said products at retail. Said application shall be signed by the applicant. Upon the filing of a proper application and the payment of the license fee in advance as hereinafter provided, the Mayor shall issue a license to the applicant. No one license shall cover the sale of the above mentioned products at more than one store, establishment or location.

Section 3. The fee to be paid for the license herein required shall be the sum of $25.00 per year, payable in advance to the Comptroller. No license shall issue until such fee has been paid, and no license shall be issued for a less period than one year.

Section 4. Any license issued hereunder may be revoked by the Mayor or by the Council whenever in the judgment of either the public welfare requires such revocation. The acceptance of any license under this ordinance shall constitute an agreement between the parties to such license, even though the license itself does not state such fact, that the same may be so revoked. In case of revocation the unearned portion of a license fee shall not be refunded.

Section 5. It shall be unlawful for any person, firm or corporation to sell, exchange or give away any cigarettes, cigars or tobacco in any form to children under the age of eighteen years.

Section 6. Any person, firm or corporation violating any of the provisions of this ordinance shall be subject to a fine of not less than $10.00 nor more than $200.00 for each offense. Each separate sale in violation of this ordinance shall constitute a separate offense, and each day on which any of the above mentioned articles are offered for sale shall constitute a separate offense.

Section 7. That Sections 1, 2, 3, 4 and 5 of Article 12 of Chapter 9, being all of said Article 12, and being General Sections Nos. 690, 691, 692, 693 and 694, as amended, of the Revised Ordinances of the City of Bloomington, Illinois, passed November 30, 1917, approved November 30, 1917, and in force January 1, 1918, be and the same hereby are repealed. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Section 8. This ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

Attest: HERMAN J. BOCK, *City Clerk.*

Approved: BEN S. RHODES, *Mayor.*

Passed by the City Council of the City of Bloomington, Illinois, this 25th day of March, A. D. 1932.

Adopted.

Presented by the Clerk.

Bloomington, Illinois, April 1, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Upon the 7th day of August, 1924, the Chicago & Alton Railroad Company conveyed to the City of Bloomington the North 90 feet of Lot 7 of the County Clerk's Subdivision of Lot 12 of the Subdivision of the S½ of Sec. 5, T. 23 N. R. 2 East of the Third P. M., located in the City of Bloomington, and also 90 feet off the entire north side of Block 5 in William M. Loehr's Addition to said City. This deed contained the following provision or condition: "The above described premises, except such part thereof as shall be utilized by the City of Bloomington for street purposes, shall be held, used and maintained by it for park purposes only."

The tract in question is located on the south side of Front street, immediately east of the Alton Railroad Company right-of-way. At the time the above mentioned deed was given by the Chicago & Alton Railroad Company, of which The Alton Railroad Company is the successor, it was thought that the Railroad Company would not at any time in the future need or require any part of the tract for railroad purposes, but in order properly to service its engines with city water at the Union Station site, it has become necessary for The Alton Railroad Company to erect and maintain a tank and certain structures in connection therewith upon the westerly portion of the premises.

The legal description of that part of the premises which is required for the location of this water tank and structures in connection therewith is correctly set forth in the draft of resolution, and quit claim deed by the City to The Alton Railroad Company, enclosed herewith.

In order that the City may properly give this deed to The Alton Railroad Company it will be necessary for The Chicago & Alton Railroad Company to cancel and revoke, as to that part of the tract now needed by The Alton Railroad Company, the provision contained in the original deed respecting the use of the premises for park purposes. We have therefore prepared for the execution of The Chicago & Alton Railroad Company an instrument, copy of which we attach hereto, by the terms of which that provision will be cancelled and revoked, and the City released from any obligation which it may have had under the original deed to maintain the premises for park purposes.

I assume that the matter of adoption of the enclosed resolution, and the execution of the deed by the City to The Alton Railroad Company, will be referred to the proper committee of your Honorable Body. By the time such committee is ready to make its report we expect the above mentioned cancellation and revocation by The Chicago & Alton Railroad Company to be executed and returned to me.

Upon behalf of The Alton Railroad Company we respectfully ask that the enclosed resolution be favorably acted upon by your Honorable Body, and that the enclosed quit claim deed by the City to The Alton Railroad Company may be executed at as early a date as practicable.

Respectfully,

BRACKEN, LIVINGSTON & MURPHY

By W. K. BRACKEN,

Attorneys for The Alton Railroad Co.

THIS INDENTURE WITNESSETH, That, Whereas on, to-wit, the 7th day of August, A. D. 1924, the undersigned The Chicago & Alton Railroad Company, and William W. Wheelock and William G. Bierd as Receivers of said The Chicago & Alton Railroad Company, executed a certain quit claim deed to the City of Bloomington, Illinois, a municipal corporation, for the following described real estate, to-wit:

The North ninety (90) feet of Lot Seven (7) of the County Clerk's Subdivision of Lot Twelve (12) of the Subdivision of the South Half (S½) of Section Five (5), Township Twenty-three (23) North, Range Two (2) East of the Third Principal Meridian, located in said City of Bloomington and also ninety (90) feet off the entire north side of Block Five (5) in William M. Loehr's Addition to said City of Bloomington, situated in the County of McLean in the State of Illinois, which said deed was filed for record in the Recorder's office of McLean County, Illinois, on the 23rd day of August, 1924, and is recorded in Book 365 at page 140 of the Deed Records of said County; and,

WHEREAS said quit claim deed contains the following provision or condition to-wit, "The above described premises, except such part thereof as shall be utilized by the City of Bloomington for street purposes, shall be held, used and maintained by it for park purposes only"; and,

WHEREAS it is now deemed by all parties concerned to be advisable that said provision and (or) condition shall be cancelled and revoked as to that portion of said premises hereinafter described.

NOW THEREFORE, in consideration of One Dollar ($1 00) by said City of Bloomington paid to undersigned, The Chicago and Alton Railroad Company, receipt whereof is hereby acknowledged, and other good and valuable considerations undersigned, said The Chicago and Alton Railroad Company, does hereby cancel and revoke the above quoted provision and (or) condition in said quit claim deed contained, as to the following described portion of said premises, to-wit:

Commencing at the intersection of the south line of Front street in the City of Bloomington, with the southeasterly right-of-way line of The Alton Railroad Company, said right-of-way line being parallel with and fifty (50) feet distant southeasterly from the center line of the southbound main track of said Railroad Company; thence southwesterly along said right-of-way line thirteen and eight hundredths (13 08) feet to the point of beginning; thence continuing along said right-of-way line eighty-six and four tenths (86.4) feet; thence westerly eighty-nine and eighty-eight hundredths (89.88) feet along a line parallel with and ninety (90) feet distant southerly from said south line of Front street; thence northerly, at right angles, seventy-four and six tenths (74 6) feet more or less to a point on the southerly face of the present concrete curb of pavement on Front street; thence westerly, along said southerly face of concrete curb, fifty-five (55) feet more or less to the point of beginning; containing five thousand, three hundred sixty-three (5363) square feet, more or less, situated in the South Half (S½) of Section Five (5), Township Twenty-three (23) North, Range Two (2) East of the Third Principal Meridian, in the said City of Bloomington, County of McLean and State of Illinois; being a part of Lot Seven (7) of the County Clerk's Subdivision of Lot Twelve (12) of the Subdivision of the South Half (S½) of said Section Five (5), and Block Five (5) in William M. We respectfully ask your honorable body to proceed to levy a tax sufficient to meet the aforesaid purposes, as directed by our charter, the total sum to be extended being the sum of Four Hundred Thirty-four Thousand Eight Hundred Forty-one ($434,841.12) Dollars and Twelve Cents.

The above estimate is based on the assessed value of the taxable property of the district as the same is at present fixed, and on a tax rate of one dollar and thirty-four cents on the hundred dollars for the educational fund, as proposed in a proposition already submitted to the voters of the district, at a special election for that purpose, which election is to be held April 11th, 1932, and a rate of thirty-seven and one-half cents on the building fund.

If the vote at such election be unfavorable to said educational fund rate, then the amount of levy should be reduced to correspond to the present rate of one dollar per hundred.

IN WITNESS WHEREOF the President, Secretary, Treasurer and Chairman of the Finance Committee of said Board of Education, who have been authorized by a vote of said Board, have set their hands and attached the corporate seal of said Board of Education, this 30th day of March, A. D. 1932.

On motion by Alderman Donovan the report was received and placed on file.

Presented by Alderman Simshauser.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your petitioner, Harry W. Peepo, residing at and owning the property at 408 North Allin street, Bloomington, Illinois, being on the west side of Allin street between Monroe street and Market street, respectfully shows that at present his said residence is supplied with water by a pipe that runs through adjoining private premises, making an unsatisfactory condition because the water could be shut off at any time by the owner of said adjoining premises; that there is an inch and a half (1½") water pipe running in the lawn on the west side of Allin street from Monroe street north almost to the premises of your petitioner, and your petitioner desires to connect with this pipe in order to make a satisfactory water service condition at his premises.

Your petitioner therefore prays that he may be given permission to connect with the aforesaid pipe in the lawn on Allin street.

Dated this 1st day of April, 1932.

Respectfully submitted,
H. W. PEEPO.

On motion by Alderman Simshauser the petition was referred to the Supt. of Water & Light and the Water Board.

On motion by Alderman Donovan the meeting adjourned.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by Alderman Irvin.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your License and Judiciary Committees have met in joint session to consider the petition of the Workmen's Protective League for a graduated tax on theater tickets.

After giving the petition due consideration, your committees recommend that the prayer of the petitioners be denied for the following reasons:

1. The theaters are already paying the city a license fee based on seating capacity.
2. The theaters also pay the various other taxes levied by the city, county, state and national government.
3. Any graduated tax that the city might levy would be added to the price of the ticket, thus increasing the cost of entertainment to our citizens.

Respectfully submitted,
P. J. IRVIN
FRANK H. GUNN
License Committee
A. L. SARGENT
WILLIS SCHUETH
FRANK H. GUNN
Judiciary Committee

On motion by Alderman Irvin the report was adopted and recommendations concurred in.

Presented by the Clerk.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—I respectfully petition your Honorable Body for permission to run a private service in the lawn to my property at 602 West Walnut, the same to be connected with the water main in Oak street, just north of Walnut street.

Respectfully yours,
GEO. A. DAVIDSON,
Property Owner, 602 W. Walnut.

On motion by Alderman Donovan the petition was granted.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the request of the Illinois Power and Light to open the pavement at Monroe and East streets would respectfully report that we have granted them this request.

Respectfully submitted,
F. OLSON
WILLIS SCHUETH
DEWITT GRAY
Streets & Alleys Committee.

On motion by Alderman Olson the report was received and placed on file.

On motion by Alderman Summers the petition of Sears Roebuck Co. to install sign at 404 North Center street and B. B. Smith to install sign at 115 North Main street was referred to the City Electrician with power to act.

RESOLUTION

Presented by Alderman Donovan.

Bloomington, Illinois, April 29, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That Supt. of Streets be and is hereby directed to repair brick pavement at intersection of Lee and Chestnut and Oak and Chestnut streets.

On motion by Alderman Donovan the resolution was referred to the Streets & Alleys Committee.

On motion by Alderman Simshauser the Fire Committee and Fire Marshal were directed to investigate the condition of the east wall of the building known as the Coliseum and located at the northwest intersection of Roosevelt avenue and Lee street.

On motion by Alderman Kurtz the bond of Elmer R. Herbon, Master Plumber, was approved.

On motion by Alderman Harting the report of the Police Magistrate showing cash turned over to Comptroller amounting to $3,542.20.

On motion by Alderman Simshauser the meeting adjourned.

His Honor, the Mayor, informed the members of the City Council that a special meeting would be held on Monday, May 2, 1932, for organization purposes.

Norman J. Rooks
City Clerk.
